Scientist at Institute of Population Health, University of Ottawa

Knowledge Translation to Improve the Health of Vulnerable Populations

Thursday, September 13, 2012 1200-1300 ET

Learning Objectives:

- To describe how equity methods and GRADE approach were used to develop clinical guidelines for immigrants and refugees
- To give examples of emerging KT implementation tools and strategies for CCIRH guidelines
- To compare and contrast KT to improve the health of vulnerable populations with KT strategies for general population

Live/Archived Webcasts: <http://webcast.otn.ca> Session ID 20911231

Each session includes a question and answer period (15 minutes per 1 hour session)

Evaluations and Slides: www.ktcanada.net (slides are posted after the session)

To register:

This session is offered by Telehealth (videoconference) from St. Michael's Hospital in Toronto.
*** Registration information is for sites participating by videoconference only. Webcast participants do not need to register ***

OTN sites: Please reserve your studio and ask your coordinators to email kleing@smh.ca.
OTN Telemedicine coordinators can also self-schedule by clicking on the following link:
<https://schedule.otn.ca/tsm/portal/nonclinical/details.do?request.requestId=20911231>

Non-OTN sites: please contact Resolve: info@resolvecollaboration.com or 1-888-777-7965,
session # 14591. Please ask them to test your connection prior to the call.

Site registration deadline is September 6, 2012, 5 PM ET. After the deadline, individuals can participate by webcast only. Individuals viewing by webcast do not need to register.

Telemedicine broadcasting made possible by SACYHN (Southern Alberta Child and Youth Health Network)
