KT Canada Presents: Larissa Shamseer

MSc (Clinical Epidemiology), University of Alberta's School of Public Health

Lessons learned from the development of a strategy to improve the uptake of CONSORT

Thursday, March 14, 2013 1200-1300 ET

Learning Objectives:

- A non-clinical application of the TDF
- Challenges in identifying which behaviours need to be changed
- When a behaviour-change strategy may not be worthwhile

Live/Archived Webcasts: <http://webcast.otn.ca> Session ID: 20912120

Each session includes a question and answer period (15 minutes per 1 hour session)

Evaluations and Slides: www.ktcanada.net (slides are posted after the session)

TO REGISTER:

This session is offered by Telehealth (videoconference) from St. Michael's Hospital in Toronto.
*** Registration information is for sites participating by videoconference only. Webcast participants do not need to register ***

OTN sites: Please reserve your studio and ask your coordinators to email pykak@smh.ca.

OTN Telemedicine coordinators can also self-schedule by clicking on the following link:

<https://schedule.otn.ca/tsm/portal/nonclinical/details.do?request.requestId=20912120>

Non-OTN sites: please contact Resolve: info@resolvecollaboration.com or 1-888-777-7965, session # 14597. Please ask them to test your connection prior to the call.

Site registration deadline is March 7, 2013, 5 PM ET. After the deadline, individuals can participate by webcast only. Individuals viewing by webcast do not need to register.

Telemedicine broadcasting made possible by SACYHN (Southern Alberta Child and Youth Health Network)
