

KNOWLEDGE TRANSLATION CANADA

APPLICATIONS DES CONNAISSANCES CANADA

KT Canada Presents: Thurs, Mar 8, 2012, 1200-1330 ET

Michele Hamm

PhD Student, University of Alberta

A mixed methods study of barriers and facilitators to methodological rigor in pediatric randomized trials

Learning objectives

- To review the empirical evidence describing risk of bias in pediatric randomized controlled trials.
- To describe barriers and facilitators in conducting methodologically rigorous trials, as identified by pediatric trialists
- To discuss how these findings can be applied in the development of a knowledge translation intervention

Hannah O'Rourke

PhD Student, University of Alberta

Identifying high priority care areas to enhance quality of life for residents with dementia in long-term care

Learning objectives

- To understand the current context of quality indicator utilization in long-term care settings in Canada
- To consider challenges in using quality indicator information to improve care
- To review a research proposal aimed at increasing the use of quality indicator information to improve quality of life for persons with dementia in long-term care settings

Live/Archived Webcasts: <http://webcast.otn.ca> Session ID 17323044

Each session includes a question and answer period (15 minutes per 1 hour session)

Evaluations and Slides: www.ktcanada.net (slides are posted after the session)

To register:

This session is offered by Telehealth (videoconference) from St. Michael's Hospital in Toronto. *** Registration information is for sites participating by videoconference only. Webcast participants do not need to register ***

OTN sites: Please reserve your studio and ask your coordinators to email kleing@smh.ca.

OTN Telemedicine coordinators can also self-schedule by clicking on the following link:

<https://schedule.otn.ca/tsm/portal/nonclinical/details.do?request.requestId=17323044>

Non-OTN sites: please contact Resolve: info@resolvecollaboration.com or 1-888-777-7965, session # 12230. Please ask them to test your connection prior to the call.

Site registration deadline is March 1, 2012, 5 PM ET. After the deadline, individuals can participate by webcast only. Individuals viewing by webcast do not need to register.

Telemedicine broadcasting made possible by SACYHN (Southern Alberta Child and Youth Health Network)
