KT Canada National Seminar Series

KT Canada Presents:

Jeremy Grimshaw

Title:

Increasing value and reducing waste in knowledge translation and implementation research

Learning objectives:

- To introduce the concept of research waste which limits value and progress of current research
- To understand sources of waste in knowledge translation and implementation research
- To discuss potential solutions to reduce waste in knowledge translation and implementation research.

Jeremy Grimshaw received a MBChB from the University of Edinburgh, UK. He trained as a family physician prior to undertaking a PhD in health services research at the University of Aberdeen. He moved to Canada in 2002. His research focuses on the evaluation of interventions to disseminate and implement evidence-based practice. Jeremy is: a Senior Scientist in the Clinical Epidemiology Program, Ottawa Health Research Institute; a Full Professor in the Department of Medicine, University of Ottawa and a Tier 1 Canada Research Chair in Health Knowledge Transfer and Uptake. He is a Corresponding Fellow of the Royal Society of Edinburgh.
