KT Canada National Seminar Series

KT Canada Presents:

Kathryn Sibley

Title:

Considering Researchers as Knowledge Translation Stakeholders: Exploring Health Researchers' Understanding of and Experiences with KT

Learning objectives:

- Understand how the perspectives of researchers as stakeholders in the knowledge-to-action process have been examined in KT and implementation science to date.
- Consider the implications of new research exploring how researchers across health research pillars conceptualize and practice KT.
- Identify opportunities to support researcher stakeholders in engaging in integrated, theory-based, and evidence-informed knowledge-to-action processes.

Dr. Sibley is an Assistant Professor in the Department of Community Health Sciences at the University of Manitoba and a Knowledge Translation Scientist at the Centre for Healthcare Innovation in Winnipeg, Manitoba's CIHR SPOR SUPPORT Unit. Her work aims to study and apply knowledge translation methods and processes in rehabilitation sciences, with a special focus on assessment and treatment of balance in populations at risk for falls. As a postdoctoral fellow, she completed CIHR-funded training in Knowledge Translation at the Toronto Rehabilitation Institute. She was also supported by KT Canada through a Student Research Stipend and STIHR fellowship. She holds graduate degrees in Medical and Rehabilitation Sciences from the University of Toronto, and a BSc in Kinesiology from the University of Waterloo.

TO REGISTER:

This session is offered by WEBEX from St. Michael's Hospital in Toronto. All registration requests must be sent to Gail Klein: KleinG@smh.ca by Wednesday, October 12th at 12:00 PM ET.

To register a site: please identify one person who will be in attendance and provide their email address to Gail Klein. To register as an individual; please email Gail Klein.

PLEASE NOTE THAT ALL INDIVIDUALS MUST REGISTER TO ATTEND AS YOU NEED TO BE INVITED INTO THE WEBEX SESSION

Technical requirements: You need a computer with Google Chrome and a telephone or computer microphone or headset.

Each session includes a question and answer period (15 minutes per 1 hour session)

Archived sessions will be posted within 3 business days on our [website](http://www.ktcanada.ca). Please note that this session will not be archived.

Royal College of Physicians and Surgeons of Canada – Section 1:

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, approved by Continuing Professional Development, Faculty of Medicine, University of Toronto up to a maximum of 1 hour
